## DETAILED ACTION

### ***Claim Rejections - 35 USC § 102***

The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(a) the invention was known or used by others in this country, or patented or described in a printed publication in this or a foreign country, before the invention thereof by the applicant for a patent.

Claims 68-70 rejected under 35 U.S.C. 102(a) as being anticipated by Sundholm et al. This reference discloses a nozzle plate having rows of openings comprising a periphery defined entirely by the nozzle plate. It is the examiner's opinion that the reference plate anticipates the claimed plate. See fig. 4 of the reference.
